

Other

Title	Patent No.	Issue Date	Country
Methods and Compositions for Inhibition of RNA Splicing	6,958,215	25-Oct-05	United States of America
Cells and Non-Human Organisms Containing Predetermined Genomic Modifications and Positive-Negative Selection Methods and Vectors for Making Same	6,689,610	10-Feb-04	United States of America
Gene Targeting in Animal Cells Using Isogenic DNA Constructs	6,653,113	25-Nov-03	United States of America
Cells and Non-Human Organisms Containing Predetermined Genomic Modifications and Positive-Negative Selection Methods and Vectors for Making Same	6,204,061	20-Mar-01	United States of America
Senescence Responsive Transcriptional Element	5,965,543	12-Oct-99	United States of America
Gene Targeting in Animal Cells Using Isogenic DNA Constructs	5,789,215	4-Aug-98	United States of America
Cells and Non-Human Organisms Containing Predetermined Genomic Modifications and Positive-Negative Selection Methods and Vectors for Making Same	5,631,153	20-May-97	United States of America
Cells and Non-Human Organisms Containing Predetermined Genomic Modifications and Positive-Negative Selection Methods and Vectors for Making Same	5,627,059	6-May-97	United States of America
Cells and Non-Human Organisms Containing Predetermined Genomic Modifications and Positive-Negative Selection Methods and Vectors for Making Same	5,487,992	30-Jan-96	United States of America
Modulation of PIF-1-Type Helicases	5,466,576	14-Nov-95	United States of America
Positive-Negative Selection Methods and Vectors	5,464,764	7-Nov-95	United States of America
